

CHARGED WITH MURDER.

Dave Petty Turns Up in Texas.

Dave Petty is under arrest at Sherman, Texas, charged with killing a Justice of the Peace named D. M. Harris at Pottsboro, on the 24th of last October.

Petty will be remembered as the man who led Dick Adams into the trap when E. B. Frayser's cattle were stolen, and when the officers waylaid the thieves at the end of Tom Buffington's lane, and where young Elihu Lynn was killed, two or three years ago. Petty was the chief witness against Dick Adams in the cow-stealing case against him in this court. Petty killed a negro at Chelsea and escaped from the marshals and left the country and has not been heard of since till the Texas killing. On preliminary hearing Thursday of this week Petty was committed to jail without bail, to await the action of the grand jury. The Denison Herald of yesterday contains the following:

Half a dozen of the employees of the Katy at the West Denison yards have been summoned as witnesses in the case charging Petty with the murder of D. M. Harris. They have all identified Petty as the man they saw in the yards on the night of October the 24th after the murder was committed and their evidence will have great weight in the trial. No case has ever been tried in Grayson county that has attracted as much attention as this is destined to attract when it is put on its final trial. The evidence has been worked up with skill by the officers, and will present some sensational features. This added to the prominence of the deceased, and the manner of his death will all add to the interest in the case at its final trial. The witnesses wanted by the officers have all been secured and the state will be ready for trial when the case is called.

The New Indian Committee.

The sub-committee of the senate committee on Indian affairs, which will consider the proposition to ratify the Cherokee agreement, was announced yesterday. It consists of Senators Pettigrew, Jones of Arkansas and Platt of Connecticut. The sub-committee of the house committee on Indian affairs consists of Representatives Curtis of Kansas, Asher of New York, Lacy of Iowa, Little of Arkansas and Benton of Missouri. Mr. Curtis said yesterday that the two sub-committees would meet in joint session Tuesday. While the members of the committee refuse to discuss the treaty's future, the belief here is that it will be ratified.

"Uncle Boob" Little got around a little late and as the train was about to leave he could not wait for the steam to dry off his spectacles and so Jim Hall lead him to the end of the baggage car. He indulged in just one tune—but 'twas a long one.

"The Bells" Concert.
A good crowd greeted the Bells at the academy last evening, and the concert as a whole was well received. Mr. Pitts is a violinist worthy the title and rendered several solos delightfully. Mrs. Pitts is a good pianist, and was liberally applauded. Mr. Carroll, the baritone, rendered several songs in a creditable manner. Miss Nelson has a charming soprano voice, and pleased the audience well. The illustrated songs seemed to please the majority of those present.
